ORGANIZATIONAL DIRECTORY

FOREST SERVICE

FOR ADMINISTRATIVE USE ONLY

July 1954

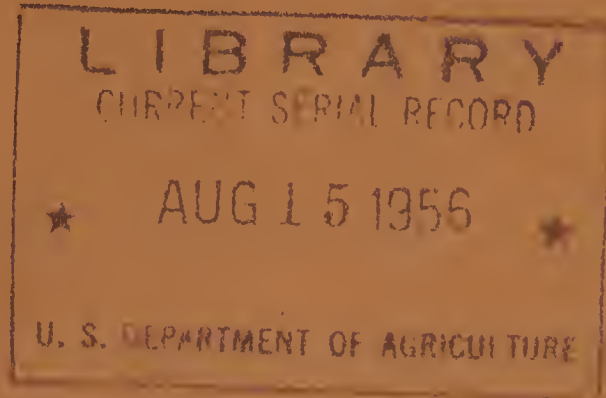

This directory is issued annually and is for the exclusive use of members of the Forest Service and cooperating bureaus.

Its primary purpose is to present the names and headquarters of the Forest Service personnel responsible for various units, activities, and lines of work. It does not include all personnel.

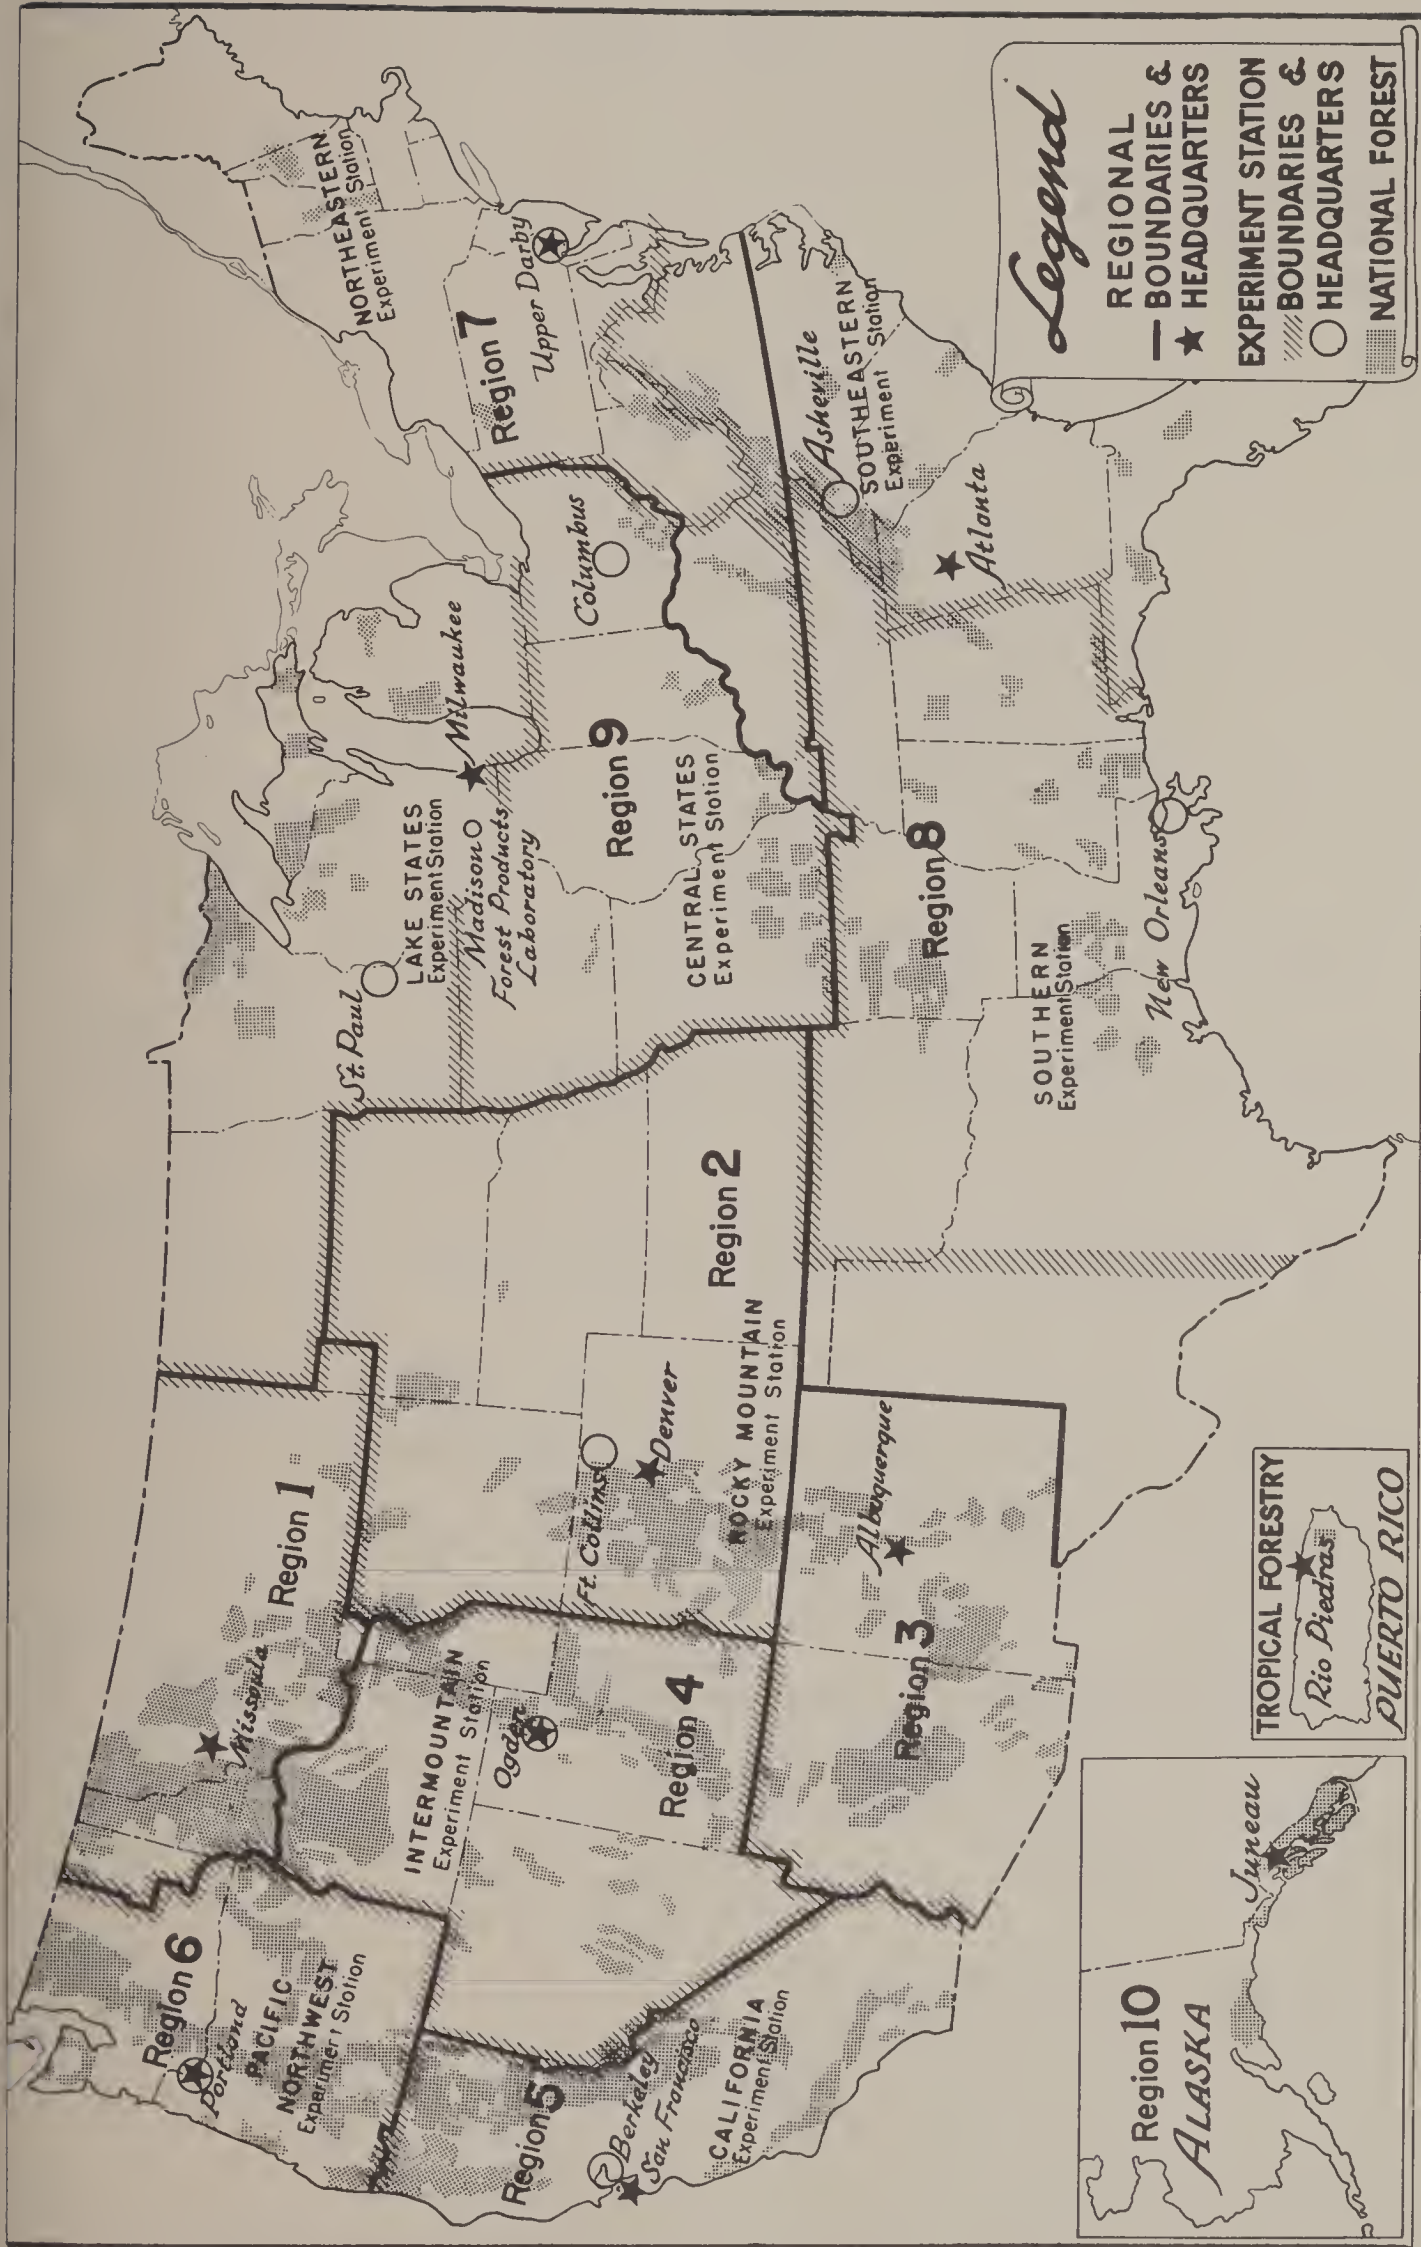

Unless indicated otherwise, the officers in charge of the individual national forests are forest supervisors, and those in charge of the individual ranger districts are forest rangers.

Titles are omitted unless needed to show the relation of individuals to the organization, or to indicate the specific duties to which they are assigned. Unless indicated otherwise, the first person named under each unit is in charge of that unit.

The express address of the ranger district is the same as the headquarters unless otherwise indicated.
